Read the following:-

Letter from A.C.Duff Esq.,I.C.S.,Collector of Bellary. D.Dis.C. 1858/23-B-4, dated the 12th June 1923.

Municipal - Bellary - Removal of prickly pear on Government lands within the Municipal limits - Sanction sought for its expenditure.

There is a thick growth of prickly pear in Government lands S.Nos. 432/6 C and 432/15 B adjoining the District Court within the Municipal limits. These lands

are at the disposal of the Revenue Department and the cost of removing such rank vegetation has to be met from contingent allotment of my office. My allotment this year is not enough for the requirements of the office itself. Discretionary grant also has been refused for the current year. The only course now left to me is to apply for a special grant. This work has been postponed from year to year for want of funds and it really ought not to be put off any longer. The place has earned a bad reputation as a breeding place of snakes and complaints from public have increased in number. The responsibility of the Government for such removal was accepted in G.O.No. 213 M. Mis (Local and Municipal) dated 8-2-1919. Please therefore sanction a special grant of Rs. 330 to enable me to pass the estimate now received from the Chairman. (N)

2. The Collector has reported on a reference from the Board that the land is a narrow strip unsuitable for any purpose and that it can neither be leased nor sold.

Sir

With reference to the query at A on p 2 ante please see the notes on the subject recorded in G.O No 689 M dated 2-5-1919.

The question of amending the law so as to exempt the Government from the liability to remove noxious vegetation within municipal limits was considered before the D.M. Act of 1920 was passed. For the reasons stated in p/p 5-6 of G.O No. 689 M/M/S dated 2-5-1919 it was considered that no exemption was necessary.

With this information the file may be returned to Revenue.
